

# WEARDALE

Weardale is the heart of the North Pennines and is probably the least known major dale of the English uplands. The views are magnificent and unspoilt; the area is also known for its footpaths and bridleways, and the Weardale Railway will allow you to enjoy it all un-hindered by traffic. The railway also provides a useful base for walks between stations along the banks of the beautiful and gentle river Wear. Your journey will take you at a leisurely pace beside the river with magnificent views of the dale.

## MAKE A DONATION FOR No. 40

Do you want to see steam on the Weardale Railway again? The Trust is in the process of refurbishing Robert Stephenson and Hawthorn 0-6-0 locomotive No.40. This is a costly undertaking but once completed will result in a steam locomotive with a 10 year boiler ticket which will give years of service to the Railway. If you would like to make a donation towards the repairs for No. 40 please see a member of staff or, alternatively, place your donation in one of the collecting boxes in the Trust Gift Shop or Cafe.

Thank you on behalf of the Weardale Railway Trust.

## WEARDALE RAILWAY TRUST

If you would like to support the railway please join the Weardale Railway Trust. The Trust is a voluntary body and is a registered charity devoted to the restoration of the line, its artefacts and explaining its historic significance. The railway welcomes new volunteers. Further details can be obtained from the address below.
